Albemarle Estate at Trump Winery offers guests the opportunity to stay at one of the most prestigious and architecturally significant residences in US history. Experience our luxurious wine country estate surrounded by vineyards and beautiful countryside, world-class accommodations, and classic Trump quality and service at Virginia's largest vineyard.

The 26,000-square-foot 45-room mansion has been called "one of America's true treasures." Reminiscent of a classic Georgian-style home, Albemarle Estate at Trump Winery epitomizes high-style country living in the tradition of the English country manor.

The Estate features one breathtaking room after another with details that will amaze. Complementing the high-style of the mansion are exquisitely manicured English gardens which serve as the perfect backdrop to your photos. Access to the Estate for photos or hosting an event requires overnight accommodations.

To host a rehearsal dinner or wedding brunch, a two night buyout of the all ten rooms (9 rooms and one 2-room suite) and an event fee of \$10,000 is required. The event fee includes use of the Estate's tables, chairs, china, glassware, flatware and linens. The Estate can accommodate up to 50 guests for an event.
